

Attoglow western blot enhancing kit – with millennium enhancer

Storage condition: Stored at room temperature. The kit is stable up to a year from the date of receipt under proper storage conditions.

Quality control:

- Run two samples, which contain 10 fg and 10 pg of purified rabbit muscle GAPDH protein in duplicate, on SDS-PAGE. Transfer the gel to a PVDF membrane. Cut the membrane into two pieces, each contains one set of samples. Treat one piece with Millennium Enhancer, another as an untreated control and both blotted with anti-GAPDH antibody clone 6C5 and HRP-conjugated anti-Mouse IgG. The 10 fg-sample should give one visible band only on the treated membrane, and the band should be almost as dark as that shown by the 10 pg-sample on the untreated membrane.
- Components in this kit are free of precipitate. When testing by visible spectrophotometry, the colour of the solution is comparable to a control (previous) Lot. Results from this Lot of kit are comparable to those obtained with control (previous) lot of the solution.

Description:

Components of Attoglow Western Blot Enhancing Kit are prepared with pure chemicals according to the proprietary technology. They are used for ultra-sensitive chemiluminescent analysis of western blot. This kit provides a complete system for western blot analysis, including 1) powerful, novel proprietary technology, Millennium Enhancer, which could significantly boost western blot signals, 2) protein interaction system and 3) Attoglow blocking agent. Two different sizes are available, which are good for 1,200 cm² and 2,500 cm² of membrane, respectively.

Shipping conditions: Room temperature.

Intended use of the products: All products sold by AMSBIO are intended for research use only and must not be used for medical diagnostic or drug purposes. AMSBIO products may not resell, modified for resale or used to manufacture commercial products without written approval from AMSBIO.

Limited product warranty: AMSBIO has a total quality assurance policy. If an y product does not meet the specification stated in the product data sheet will be replaced at no charge. This warranty limits AMSBIO liability to the replacement of the product only. No other warranties of any kind, express or implied, including without limitation, implied warranties of merchantability or fitness for a particular purpose, are provided by AMSBIO. AMSBIO shall not liable for an y incidental, in direct, special or consequential damages, even if it is aware of the possibility of such damages.
